

## **Cookies**

To make this site work properly, we sometimes place small data files called cookies on your device. Most websites do this too.

### **What are cookies?**

A cookie is a small text file that a website saves on your computer or mobile device when you visit the site. It enables the website to remember your actions and preferences.

### **How do we use cookies?**

The Lowry Building & Civil Engineering website uses cookies to monitor and track how visitors use the site, how they interact with and use available pages. Other cookies are used to protect the security of the site.

### **Strictly necessary cookies**

Cookies described as strictly necessary are used to remember things like the information you've entered on a form or any services you have requested. These cookies are essential for the websites to operate effectively.

### **Performance Cookies**

The performance cookies on our website are used to collect information about how you use our website, pages visited and any errors you may experience. These cookies don't collect any information that could identify you – all information collected is anonymous and is only used to improve how our website works.

### **How to control cookies**

You can control and/or delete cookies as you wish – for details, see <http://www.aboutcookies.org.uk/managing-cookies>

You can delete all cookies that are already on your computer, and you can set most browsers to prevent them from being placed. If you do this, however, you may have to adjust your preferences every time you visit a site, and some services and functionalities may not work.
